C. P. LADD, Esq.

W. PARKYN, Esq.

N. VALOIS, Esq.

VICTOR BOURGEAU, Esq.

To the Public of Lower Canada.

THE Public have already been informed, through the ordinary channels of intelligence, that the Board of Agriculture for Lower Canada have resolved to hold a **GRAND AGRICULTURAL and INDUSTRIAL EXHIBITION**, in the City of Montreal, on the 27th, 28th, 29th, and 30th **SEPTEMBER** next. The advantages which would accrue to the Province from the carrying out of such a project, with due spirit and on a scale of sufficient magnitude, are so obvious that they scarcely require to be formally stated, and the object which the Local Committee, appointed to carry out the intentions of the Board, have in view in issuing the present address, is, not so much to recommend the scheme or to enlarge on the numerous beneficial results likely to flow from it, as simply to make it universally known and bring it fairly under the notice of the whole body of our intelligent Agriculturists and Mechanics.

The Committee observe with unmingled pride and satisfaction the continually accumulating proofs that the energies of the Province have of late years been thoroughly aroused, and it is with no small degree of pleasure that they are now permitted to congratulate their fellow-countrymen on the bright prospect opening up for Canada, which seems destined for the future to advance in the march of Progress and Improvement side by side with the most favoured nations of the earth. We have within ourselves—in our country and in our population—all the elements necessary to constitute a great nation. With our mingled population,—in which we have all the fire and vivacity of the French character—the sturdy independence and stout-heartedness of the

English—the patient cautious perseverance of the Scotch—and the bold sparkling genius of the Irish—with our almost unlimited amount of territory, our unexampled means of internal communication, our connection with the most powerful nation of the Old World and our proximity to the great and enterprising American Republic—with all these advantages, we have nothing to fear and every-thing to hope, if we but prove true to ourselves and set our hearts and hands in right earnest to the glorious, though it may be arduous task of working out the destiny which Providence seems to have placed before us.

In considering the steps to be taken to add new force to the impetus by which our country is already being propelled in the path of onward movement, the Committee believe that two opinions can scarcely be entertained as to the vast importance of such Exhibitions as that to be held in September, viewed as a means of developing our resources, and of calling forth, and keeping in active exercise, the intellectual energies and the practical skill and ingenuity of our artizans and agriculturists, which might otherwise be allowed to remain comparatively dormant. They rely, therefore, with confidence, on the generous co-operation of all classes of the community, to enable them to execute their mission on a scale commensurate with the growing greatness of the Province, and in a manner fitted to secure to the fullest extent the objects aimed at by the promoters of the Exhibition.

It is intended that the Exhibition shall be on a basis sufficiently wide to admit of an adequate representation of the industry and skill of all classes of the population. But it is evident that, in order to the accomplishment of this, the Committee must have ample funds placed at their disposal, to enable them to offer premiums, the number and amount of which shall be a sufficient inducement to competition. They are in hopes of receiving considerable pecuniary aid from the Government, through the Board of Agriculture, but the success of the undertaking, it is obvious, must mainly depend on the amount of support which it shall receive from the public generally. That support, they confidently believe, will not be withheld, if properly sought; and they would, therefore, respectfully invite the immediate co-operation of public spirited and influential individuals throughout the Province, with whom they will be happy to enter into communication as to the best

means of furthering the objects of the Exhibition in their respective localities.

The Committee cherish a confident hope that the Agriculturists, Mechanics, and Manufacturers of the Province, will so interest themselves in the undertaking, as to cause the Exhibition to come off with an *eclat* worthy of themselves and their country. On their efforts its success depends, and these efforts, the Committee believe, will be heartily put forth.

All communications to be post-paid, addressed to the Secretary, Office of the Provincial Exhibition, St. François Xavier Street, Montreal.

JOHN LEEMING,
Secretary.

ADDENDA TO THE PRIZE LIST.

Announcements of the following Prizes were received at too late a period to allow of their being inserted in their proper places :—

WM. WORKMAN, Esq., President of the Local Committee, in addition to the Special Prizes, elsewhere announced, offers the following :—

For the best sample of Wire Cloth for Mill or Mining purposes— <i>Canada Manu- facture,</i>	£2 10 0
For the best manufactured Wire Sieves or Riddles for farming uses— <i>Canada Manufacture,</i>	1 10 0

The Messrs. PERRY, of Montreal, have placed in the hands of the Editor of the *Montreal Gazette*, the sum of £25 cy., to be handed over to the party, to whose FIRE ENGINE shall be adjudicated the First Prize at the Grand Provincial Exhibition.

The Mechanics' Institute of Montreal have intimated their intention of offering Three Exhibition Prizes, each to consist of a Life Membership of the Institute, of the value of £12 10s. cy. The articles, to which Premiums will be awarded, will be afterwards announced in the Montreal Newspapers, and in the *Farmer's Journal*.

Third do. Diploma.

RULES AND REGULATIONS

FOR THE HORTICULTURAL EXHIBITION.

1. All Fruit, Flowers, and Vegetables, *placed in competition for premiums* are to be the growth of competitors, and are to be arranged in as tasteful a manner as possible.

2. All articles to be exhibited for premiums must be placed in the stands by ten o'clock, a. m. *This rule will be strictly adhered to.*

3. All articles exhibited shall remain in the Hall until the close of the exhibition, when they will be delivered to the contributors, unless otherwise directed.

4. The Judges shall have the discretionary power of withholding premiums, if, in their opinion, the articles exhibited do not merit them.

5. In awarding premiums on plants in pots, special reference will be had to the beauty of the specimens, profusion of bloom, and evidence of superior cultivation. Inferior specimens will be excluded by the judges from competition.

6. Gratuities will be awarded by the judges for any new or rare fruit, flowers, plants, or other object of particular interest, and for which no special premium has been offered.

7. Parties will not be allowed to take more than one prize in the same class.

8. It is also required that fruit, flowers, and vegetables, should be accompanied by brief observations on the mode of cultivation, *if peculiar*, together with any other remarks of utility.

9. No individual, except the judges, will be allowed to touch or handle any fruit, flower, or other article exhibited.

10. The decision of the judges, as regards the premiums, must be considered final.

11. The judges shall not be competitors in that class for which they are to award premiums.

12. No person allowed to be present while the judges are awarding the premiums.

13. Any deviation, more or less, from the exact quantities or numbers specified in the schedule will disqualify a competitor.

SECTION 2.

Local Committees appointed by the Board, have in view in issuing the present address, is, not so much to recommend the scheme or to enlarge on the numerous beneficial results likely to flow from it, as simply to make it universally known and bring it fairly under the notice of the whole body of our intelligent Agriculturists and Mechanics.

The Committee observe with unmingled pride and satisfaction the continually accumulating proofs that the energies of the Province have of late years been thoroughly aroused, and it is with no small degree of pleasure that they are now permitted to congratulate their fellow-countrymen on the bright prospect opening up for Canada, which seems destined for the future to advance in the march of Progress and Improvement side by side with the most favoured nations of the earth. We have within ourselves—in our country and in our population—all the elements necessary to constitute a great nation. With our mingled population,—in which we have all the fire and vivacity of the French character—the sturdy independence and stout-heartedness of the

fullest extent the objects aimed at by the promoters of the Exhibition.

It is intended that the Exhibition shall be on a basis sufficiently wide to admit of an adequate representation of the industry and skill of all classes of the population. But it is evident that, in order to the accomplishment of this, the Committee must have ample funds placed at their disposal, to enable them to offer premiums, the number and amount of which shall be a sufficient inducement to competition. They are in hopes of receiving considerable pecuniary aid from the Government, through the Board of Agriculture, but the success of the undertaking, it is obvious, must mainly depend on the amount of support which it shall receive from the public generally. That support, they confidently believe, will not be withheld, if properly sought; and they would, therefore, respectfully invite the immediate co-operation of public spirited and influential individuals throughout the Province, with whom they will be happy to enter into communication as to the best

signed by them, under the Judges directions, with the letters of the successful animal or lots, written in ink, and not in pencil. They will accompany the Judges, and point out the different sections and classes.

10. The Judges will not only report those animals entitled to Premiums but also those next in merit in each class, to meet the contingency of any challenge or objection which may be made to the awards. They will also specify the animals which deserve to be specially commended, and then sign and deliver their reports through the member of the Managing Committee or Steward of the yard who accompanies them, to the secretary, which cannot afterwards be altered.

11. Any competitor attempting to impose upon the Judges, by giving certificates of stock or other articles that are not strictly correct in every particular, shall be disqualified.

12. Every article exhibited for competition, must be the growth, produce, or manufacture of the province of Canada, except section X for foreign stock and implements. The live stock, with the above exception, must be the property of parties residing in Canada. All Premiums awarded for any articles, except live stock, must be to the producers or manufacturers of such articles.

13. The Judges will be instructed to withhold the Premiums where there does not appear sufficient merit in the stock or articles exhibited to justify an award. Also, in the absence of competition, and no extraordinary merit in the animals or articles exhibited, the Judges to exercise their own discretion, as to the amount of Premiums awarded, or whether there should be any.

14. Stewards will be appointed for each section of cattle, Sheep, Horses, Swine, Agricultural Productions, Implements, and for Foreign Stock, and Implements, whose duty shall be to superintend each of these departments, see that the animals are secured in the proper places assigned for the several classes in which they are entered, and that all other articles are in their proper places, and attend upon the Judges while making their inspection.

15. Agricultural Implements will not be admitted for Exhibition unless a certificate filled in on the printed form, schedule C and signed by the exhibitor.

tine are filled in on the
signed by the exhibi-

tor, (or his agent) in the manner directed, be sent to the Secretary previous to the 15th September next. (The printed forms may be had as directed in rule 2.) The certificate must state the lowest selling prices of each articles; and each exhibitor shall be bound to execute all orders given to him in the Show Yard, at the price stated in his certificate. All Implements admitted to the Exhibition will be liable, upon the recommendation of the Judges, to be proved by actual trial. In case the inventor of any new and useful Agricultural Implement should be desirous to exhibit it, it must be entered as a new invention in the certificate sent in.

16. Exhibitors of Field Productions, must send in regular certificates, by filling up a printed form, schedule D (which may be had as directed in rule 2) and sent to the Secretary on or before the 15th of September next.

17. In all cases where any difficulty may arise in regard to competition, awarding Premiums, or upon any other subject connected with the Exhibition the Council and officers of the Association shall decide, and their decision shall be final.

18. No person shall be allowed to act as Judge who shall be directly or indirectly interested in the decision. On the fourth day the list of Prizes which have been awarded to successful competitors shall be publicly read out at 10 o'clock A. M. immediately after which an address will be delivered and then a public auction will take place for the sale of animals, agricultural or other products and every facility will be afforded for the transaction of business. Parties desirous of selling stock are requested to report to the Secretary on making their entries.

Form of the Certificate for entry of Stock for the Exhibition to be filled up by the Exhibitor.

SCHEDULE A.

For Breeding Stock of every description.

I of near
in the County of do certify that my
of the Breed, to be
shown at the Exhibition of the Agricultural Associ-
ation to be held at the City of Montreal on the

published with the Prize List.
Witness my hand the _____ day of _____ 1853.
Signature of Exhibitor.

Any other interesting information may be endorsed on the back of the certificate. For Foreign Cattle, a simple certificate, stating the breed, and age of the animal, and the pedigree, if it can be produced, and the number of the Class in which it

is proposed to compete, will be sufficient, but these certificates must be sent in previous to the 15th September 1853. Foreign Agricultural Implements will also require to be entered with the Secretary previous to the 15th September by simply describing the Implement, and stating the number of the Class in which it is to be entered, with the selling price of the article, and engaging to conform to the Rules and Regulations established for the Exhibition.

In addition to the particulars contained in the Prize List, the LOCAL COMMITTEE begs to call *particular attention* to the following announcement :

1. That the PRIZES ARE OPEN to the COMPETITION of UPPER CANADA without any additional stipulation.

2. That articles from the United States will be admitted for EXHIBITION, but not as Competitors for Prizes—except “Stock and Implements,” as provided for on page 20, Section X; and also the Special Prizes.

3. The site determined on, is the “M^cTavish Property,” on the upper side of Sherbrooke Street, the most picturesque and eligible position that could be desired. The Sheds for Cattle, &c., will be covered, and Fodder, &c., (furnished by contract,) will be supplied under the direction of the Committee.

4. Discretionary Premiums will be awarded for such articles as may be considered worthy by the Judges, although not enumerated in the List, and the Committee will determine the amount of premium.

5. A Revised Prize List, &c., price 3d.—or, with a Lithograph Plan of Ground and Buildings, price 7½d.—will be published about the 1st of September, and may be had from the principal Booksellers throughout the Province. Applications, by letter, to be post-paid.

6. The arrangements made with the Steamboats, Railroad Companies, and Hotel Keepers, will be announced as soon as possible.

7. It is the intention of the Local Committee, in addition to the immediate objects of the Exhibition in promoting an increased interest in Agriculture and Industrial pursuits, to render the visit to the City of Montreal attractive and agreeable to strangers and visitors, and greatly superior to anything that has yet been attempted in the Province.

N.B.—The present Prize List may be obtained on application at the Secretary's Office, if by letter, post-paid.

JOHN LEEMING,
Secretary.

Office—11, St. Francois Xavier Street.
Montreal, July 30, 1853.
